Task Sheet No. 7:
ASSESSMENT TOOL WITH TOS

INSTRUCTION:

As a pre-service teacher, you are task to develop a comprehensive assessment tool aligned with the performance standard and learning competencies based on your Budget of Work. Prepare a valid and reliable assessment instrument (summative exam/performance task) that measures students' knowledge, understanding, and application of the concepts covered. The assessment tool must include a Table of Specifications (TOS) that clearly presents the distribution of test items according to the learning outcomes or topics, instructional time allotment, and cognitive levels based on the revised Bloom's Taxonomy. Ensure that the assessment items are appropriate, clearly worded, aligned with the TOS, and proportionately distributed according to the relative importance of each topic. Submit the completed assessment tool together with its TOS and answer key, ensuring that the materials are accurate, organized, and ready for classroom use.

RUBRIC FOR GRADING:

CRITERIA	EXCELLENT	PROFICIENT	DEVELOPING	BEGINNING
Alignment of Assessment to TOS (20%)	Exam strictly follows the TOS distribution (content areas and cognitive levels). The item counts and difficulty levels matches the TOS. ✓	Mostly follows TOS with only minor deviations in content or cognitive level distribution. The item counts and difficulty levels matches the TOS.	TOS connection is visible but with noticeable imbalance in coverage. The item counts and difficulty levels have inaccuracies.	Weak or no alignment to TOS and many items do not match the intended distribution.
Cognitive Level Appropriateness (Bloom's Taxonomy) (20%)	Items accurately follow the cognitive level breakdown set in the TOS and CG. ✓	Most items match intended cognitive levels but with slight imbalance.	Cognitive levels are present but uneven. It leans heavily toward recall-type questions.	Cognitive levels are mismatched or inconsistent with intended skills.
Content Accuracy and Quality (20%)	All items are accurate, error-free, and reflect proper depth for the quarter. ✓	Minor errors or revisions needed with overall good quality.	Most items are correct, but several items lack clarity or depth.	Several inaccuracies or poorly constructed items.
Clarity, Structure, and Organization of Items (20%)	Questions are clear, logical, well-structured, and free from ambiguity. The instructions are easy to follow. ✓	Questions are mostly clear but could be improved in wording or sequencing.	Questions are understandable but some items are vague or long.	Several questions are confusing, misleading or poorly phrased.
Fairness, Inclusivity, and Bias-Free Content (20%)	Questions are fully inclusive, culturally sensitive, and free from gender, socioeconomic, or linguistic bias. ✓	Questions are mostly inclusive with minor improvements needed.	Questions are neutral but lacks representation or inclusivity.	Some items or questions unintentionally show bias.

TECHNOLOGY AND LIVELIHOOD EDUCATION
TERM 2-SECOND SUMMATIVE TEST
GRADE 10 – FOOD SERVICE (FCS)
S.Y. 2026-2027

Name: _____ Date: _____
Grade & Section: _____ Score: _____

Directions: Read and understand each question carefully. Shade the circle that corresponds the best answer.

(A)(B)(C)(D) 1. What type of glassware is characterized as a flat-bottomed cylindrical vessel without a stem or foot?
A. Goblet C. Footed glass
B. Tumbler D. Pitcher

(A)(B)(C)(D) 2. Which classification of tableware includes pieces such as plates, soup bowls, platters, and saucers made of porcelain, ceramic, or pottery?
A. Chinaware B. Silverware C. Hollowware D. Glassware

(A)(B)(C)(D) 3. What term is used to identify table implements primarily designed to serve, dip, cut, or spear food?
A. Linens B. Centerpieces C. Flatware D. Stemware

(A)(B)(C)(D) 4. What is the initial step carried out in the standard restaurant service sequence?
A. Taking the beverage order C. Presenting the check
B. Welcoming and greeting the guests D. Bussing the soiled dishes

(A)(B)(C)(D) 5. What does the "3S" rule stand for when clearing and bussing dishes from a dining table?
A. Sanitize, Sweep, Store C. Serve, Share, Shift
B. Scrape, Stack, Segregate D. Serve, Share, Shift

(A)(B)(C)(D) 6. On which side of the seated guest should the server stand when presenting menus and writing down food orders?
A. Directly across from the guest C. Left side
B. Right side D. Behind the head of the guest

(A)(B)(C)(D) 7. What document is used by the food server to record orders in triplicate for the kitchen, cashier, and server records?
A. Guest check B. Order slip
C. Table reservation book D. Receptionist logbook

(A)(B)(C)(D) 8. What is the active intoxicating compound in alcoholic drinks produced through the fermentation of sugars?
A. Methanol C. Ethanol
B. Acetic acid D. Glycerol

(A)(B)(C)(D) 9. What does the global standard label abbreviation **ABV** stand for?
A. Alcohol by Volume B. Acidity Base Value C. Actual Blend Volume D. Alcoholic Blend Value

(A)(B)(C)(D) 10. Which category of non-alcoholic beverages is consumed specifically to stimulate mental and physical bodily activities?
A. Refreshing beverages C. Nourishing beverages
B. Stimulating beverages D. Aerated beverages

(A)(B)(C)(D) 11. Why is flatware laid out approximately one inch from the edge of the dining table during table setup?
A. To leave room for decorative placemats to be slid underneath during dessert
B. To provide uniform presentation, balanced spacing, and prevent utensils from being knocked of
C. To make it easier for buspersons to sweep crumbs directly into their pockets
D. To allow the guest to clean the table edge with a service napkin

(A)(B)(C)(D) 12. In formal dining table appointments, what is the functional difference between *flatware* and *hollowware*?
A. Flatware holds liquid volumes, while hollowware includes forks and knives
B. Flatware refers to eating and serving utensils, while hollowware refers to vessels with depth and volume used for serving or pouring
C. Flatware is made solely of ceramic, while hollowware is made solely of paper
D. Flatware is used for table decorations, while hollowware is placed under the chair

Ⓐ Ⓑ Ⓒ Ⓓ 13. Why are water goblets and coffee cups kept on the table rather than removed when clearing intermediate courses?

A. They anchor the tablecloth from shifting
B. Guests may request beverage refills throughout the meal until final departure
C. It is against sanitary regulations to handle glass items on a tray
D. They are reserved for the next incoming group of customers

Ⓐ Ⓑ Ⓒ Ⓓ 14. What is the primary purpose of repeating the complete food and beverage order back to the guest before submitting it?

A. To verify details, quantities, and cooking instructions to avoid misunderstandings
B. To give kitchen chefs time to clean cooking equipment
C. To persuade the guest to double their food portions
D. To test the customer's comprehension of the printed menu

Ⓐ Ⓑ Ⓒ Ⓓ 15. How do *nourishing* beverages differ fundamentally from *refreshing* beverages?

A. Nourishing beverages provide nutrients to the body, whereas refreshing beverages primarily replenish fluid loss
B. Nourishing beverages must contain alcohol, while refreshing beverages do not
C. Nourishing beverages are carbonated with gas, while refreshing beverages are completely flat
D. Nourishing beverages are served only at boiling temperatures

Ⓐ Ⓑ Ⓒ Ⓓ 16. A dining room server is laying out table appointments for a multi-course dinner. Following the "outside-in" rule, where should the salad fork be placed if salad is served prior to the main entrée?

A. Directly to the right of the dinner knife
B. To the left of the dinner fork, positioned on the outer side
C. Horizontally above the dinner plate.
D. In the center of the bread plate.

Ⓐ Ⓑ Ⓒ Ⓓ 17. While setting the dining table, how should the server properly handle stemmed glasses and flatware to comply with industry hygiene standards?

A. Grasp glasses by the bowl rim and cutlery by the tines or blade
B. Hold glassware exclusively by the stem or base, and flatware strictly by the handle
C. Carry all eating utensils bundled tightly in an apron pocket
D. Polish the inside of the glass rim with bare fingers before placing it down

Ⓐ Ⓑ Ⓒ Ⓓ 18. A server attends to a family table consisting of a grandmother (guest of honor), an adult daughter, a father, and the host. What is the correct sequence of serving the courses?

A. Host → Father → Adult daughter → Grandmother
B. Grandmother → Adult daughter → Father → Host
C. Father → Host → Grandmother → Adult daughter
D. Adult daughter → Grandmother → Host→ Father

Ⓐ Ⓑ Ⓒ Ⓓ 19. A customer enters a café complaining of dehydration and thirst after brisk jogging under the sun. Which beverage type should the server recommend to best replenish fluid loss?

A. A hot double-shot espresso
B. Fresh mineral or spring water
C. A glass of aged red wine
D. A warm chocolate drink

Ⓐ Ⓑ Ⓒ Ⓓ 20. A diner requests a mixed drink that mimics the sophisticated flavor and appearance of a classic cocktail but contains zero alcohol. What should the server offer?

A. A distilled liqueur
B. A draft beer
C. A mocktail
D. A dry cider

Ⓐ Ⓑ Ⓒ Ⓓ 21. Which of the following is placed on the **left side** of the dinner plate in a basic table setting?

A. Soup spoon
B. Dinner knife
C. Dinner fork
D. Water goblet

Ⓐ Ⓑ Ⓒ Ⓓ 22. Why should tables and chairs be thoroughly cleaned before service?

A. To create more space between dining tables
B. To reduce the number of customers
C. To eliminate the need for service attendants
D. To maintain cleanliness and improve the dining experience

Ⓐ Ⓑ Ⓒ Ⓓ 23. Before customers arrive, a food attendant checks the floor, tables, chairs, and front lobby for spills, stains, and crumbs. What preparation activity is being performed?

A. Examining the dining area
B. Handling complaints
C. Preparing the dining tables
D. Checking the customer service area

Ⓐ Ⓑ Ⓒ Ⓓ 24. A customer questions an unfamiliar item charge on their dining bill. The server argues loudly that computerized point-of-sale bills are always correct and tells the guest to pay without delay. How should this server's performance be evaluated based on standard dining service guidelines?

A. Highly commendable, because protecting restaurant cash flow takes precedence
B. Unacceptable, because servers must verify bill accuracy before presenting it and remain discreet, tactful, and gracious when addressing disputes
C. Appropriate, because guests are required to verify charges with the kitchen chef directly
D. Professional, because disputing a charge wastes dining turnaround time

Ⓐ Ⓑ Ⓒ Ⓓ 25. You are assigned to design an innovative signature non-alcoholic beverage concept that incorporates both a **nourishing** ingredient and a **refreshing** component. Which recipe formulation fulfills this design objective?

A. 60 ml distilled vodka combined with tonic water and a lemon wedge
B. 100 ml fresh ripe mango puree and chilled almond milk (nourishing) layered with 50 ml sparkling soda water (refreshing)
C. Steamed espresso combined with concentrated syrup and powdered creamer
D. Equal measures of carbonated energy drink and dark fermented cider
